Alex

I just chatted with Kristine and she will call in if available depending on when the meeting is set. I'm available either date and time that you have suggested the week of March 5th. Please feel free to confirm a date and time. THANKS!

Hi Rich and Kristine.

I have heard from everyone including CDM as to availability. Can you please let me know if you are available for a call-in meeting on Mar 5th at 10am or Mar 9th at 2pm?

Thanks.

Hiya!

As discussed at the Dec TCT and subsequently through various channels, I'm putting out a little poll to set a date/time for a follow up discussion on a joint DEQ/EPA Recontamination Evaluation approach. Please visit the link and provide your availability for a two hour time slot beginning at the times listed.

While I will prepare a more pointed agenda to circulate once the date is set, I welcome your input on discussion direction. I have attached the draft assumptions/parameter issues I provided for the TCT meeting as well as EPA's previous comments on the Zidell RE work plan and the recent comments on T-4 & Arkema RES from EPA/CDM.

Please send this invite to the appropriate CDM and other folks that will be valuable for this discussion. I will need their email addresses to follow up.

Thanks and talk to you soon!
